

Return to Learn and Continuity of Services Plan

American International Academy
9-21-23 RECONFIRMATION
4:00PM-5:30PM

Purpose of the Plan

- Identify strategies that support safety and wellness for staff and students
- Ensure community input of needs to ensure smooth transition back to in person learning
- Identify Options for families desiring online and face to face learning opportunities
- Provide Detailed guidance on to ensure Covid-19 Protections in the classrooms and common areas of student engagement and learning.

Compliance

American International Academy will comply with any and all local, state, and federal mandates/orders.

- Wayne County Health Department
- Michigan Department of Health and Human Services (MDHHS)
- Centers for Disease Control (CDC)

Instructional Format

In an effort to accommodate the desired for our community and return as. Many students as possible to face-to face instruction , which the District believe is the best place for students to be, the District Plan to continue face-to-face in-person instruction for the vast majority of our student. Student will have the option to take online

Courses as outline in section 21(f) of the Michigan School code.

Options Available

Educational Goals

NWEA- Northwest. Evaluation Association

NWEA MAP Growth is a nationally normed, standardized achievement test which measures what students know and informs what they're ready to learn next by using a computer adaptive test that adjusts to the ability and knowledge of the student.

It is the goal of American International Academy Schools that:

- All students will improve average RIT score performance in Reading/ELA from Fall to Winter as measured by NWEA Testing.
- All students will improve average RIT score performance in Reading/ELA from Fall to Spring as measured by NWEA Testing.
- All students will improve average RIT score performance in Mathematics from Fall to Winter as measured by NWEA Testing.
- All students will improve average RIT score performance in Mathematics from Fall to Spring as measured by NWEA Testing.

What more can we do.....

Offices

All district offices and buildings will be open for normal school business. Visitors and guests are allowed in buildings per American International Academy policy.

Remote/Virtual Learning

Face-to-face instruction continues to be a priority for all students. The District will do its best to provide resources for students who are unable to attend in person learning due to isolation or quarantine. If a classroom or school is closed, all students impacted by the closure may be provided remote learning opportunities throughout the duration of the closure.

Social Distancing

Social distancing measures are not required. But have been implemented to some extent with these options made available in the classroom with Breakaway furniture.

Safety and Health Precautions

Health Screening

Parents/guardians should conduct a daily student wellness check prior to sending students to school. See the student illness section.

Student Illness

Students exhibiting the following symptoms that are new or may experience a change from baseline health or chronic illness, should remain home or may be excluded from school until the student is symptom-free for 24 hours without the aid of medication or as indicated for their illness. In the event that students report to the school the district will employ A school Nurse to address student medical needs.

Transportation

Normal transportation operations will occur.

Vaccinations

The district is not requiring staff or students to be vaccinated. MMDHD, MDHHS, and CDC recommend COVID-19 vaccination as the leading public health prevention strategy to end the COVID-19 pandemic as well as keep schools, extracurricular activities, and sports safely operational and in person.

Finally...

Safety will remain our priority

We are looking forward to getting back to normal

This must be reviewed every six months
